### GOP PLANNERS PROPOSE HELP FOR INDUSTRY

"Expanded Free Enterprise" Asked by Program Committee

REPORT MADE BY DR. FRANK'S GROUP

"11 Guiding Principles" to Be Available as Platform Material

(By Associated Press)  
WASHINGTON, Feb. 19.—Recommendations for aiding American industry and achieving a balanced budget in 1942 were contained today in 11 "guiding principles" offered by the Republican party for possible inclusion in its national platform.

Reporting on a two-year survey, a special program committee of more than 200 Republicans pictured the New Deal as "misunderstanding economic America" and falling into "fatalism of outlook."

It outlined the Republican position as favoring an expanded "free enterprise" in the belief that "our private economy has not come to a dead end."

Available to Committee

The 28,000-word document will be available to the platform committee at the June 24 convention. There is no indication whether the proposals actually will be incorporated in the platform, since they are merely advisory and since creation of the program committee headed by Dr. Glenn Frank—was attended by disagreement among party leaders.

The report, labeled "a program for a dynamic America," outlined these general principles:

1. The United States should keep out of war through a "tight rein on our emotions" and "scrupulous neutrality."
2. Defense forces should be sufficient to protect the western hemisphere from aggression.
3. Reciprocal trade agreements should be approved by both houses of congress. (Republican congressmen are seeking to require only senate ratification.)
4. The national labor relations act should be amended and the administrative and judicial functions of the labor board separated.
5. The farm program should try to increase interchange of farm and city goods by better correlation of prices.
6. For Private Enterprise  
Private enterprise should be encouraged by "protective rather than restrictive" government regulation of business.
7. A 20 per cent reduction in federal spending "should not be too difficult," and coupled with a higher national income, should bring a balanced budget in 1942.
8. Higher surtax rates on individual incomes should be cut; certain business levies should be abolished; future federal and state bonds should be taxed.
9. The President's emergency monetary powers should be repealed; the gold standard should be restored.
10. All in need should receive adequate relief, administered by the local governments through federal grand-in-aid.

### Clean Your Walks, City Official Asks

"Clean your walks" was the plea made today by city council's streets, alleys and sidewalks committee.  
C. F. Zimmerman, chairman of the committee, issued an appeal for Salem residents to co-operate in removing snow and ice from sidewalks in front of their homes and business places, as well as other walks used by the public.  
This will serve to lessen the accident hazard, Zimmerman said.

### SNOW AND SLUSH IMPEDE TRAFFIC

Power Company Lines are Broken By Falling Trees

A seven-inch snowfall, recorded here Sunday, turned into a blanket of slush this morning following a drizzling rain.

The heavy snowfall yesterday extended west to Ashland and Wayne counties from Pennsylvania. Driving was made hazardous by snow-covered highways although the local patrol station reported a few accidents.

Power lines Damaged

The Salem, Youngstown, Akron and Canton areas bore the brunt of yesterday's storm. Trees, weighted down by the wet snow, fell across wires and caused breaks in Ohio Edison Co. power lines in the New Waterford, Columbiana and Greenford districts. The Ohio Bell Telephone Co. was fortunate enough to experience little difficulty.

Power lines also broke in the Youngstown and Canton areas. The break in a primary circuit at Canton affected service to 400 homes there as well as suburban North Industry.

At Youngstown Charles DeMolles, 43, yard foreman, was struck and killed by a Baltimore & Ohio railroad switch engine while clearing snow and ice from a switch.

Miss Dorothy Krauss, 17, of 653 Euclid st., suffered lacerations of the knees and bruises to her face in an accident on Route 62, near the Sebring 15th st. extension, at 7:45 a. m. today.

Car Skids

Her car, enroute west, was struck by an east-bound machine operated by Frank Brantingham, 42, of Alliance. Brantingham told state highway patrolmen his car skidded on the snow-covered road.

No one was injured when automobiles operated by Steve Belan, 19, of 674 Washington ave., and Fred Johnson, 26, R. D. 2, Columbiana, collided on the Damascus road, just west of Salem, at 2:15 a. m. Sunday, according to the patrol.

Trucks driven by Howard Eaton, 19, of Selbyville, Del., and Dean Vance, 22, of Parma, figured in an accident on Route 14 two miles north of Deerfield, Sunday. Neither driver was hurt, although Vance's truck ended up in a ditch.

The weather bureau reported that the temperature would continue above freezing tonight with light rain and possibly a little more wet snow. A rise in the Ohio river was forecast.

### Frank Knauf Rites Arranged Tuesday

ELLSWORTH, Feb. 19.—Funeral service for Frank Knauf, 83, widely-known Ellsworth township florist, who died Saturday afternoon after an illness of three weeks, will be held at 2 p. m. Tuesday at the Arbaugh-Pearce funeral home in Salem.

Rev. George Brown, former pastor of the Concord Presbyterian church, will be in charge of the service. Burial will be in the Ellsworth cemetery. Friends may call at the funeral home from 7 to 9 tonight.

A florist here since his early youth, Mr. Knauf was born and lived in the same home all his life. The son of Joseph and Hannah Knauf, he was born Aug. 15, 1856. He married the former Mary Winman Sept. 30, 1880.

Surviving him are his widow; one son, Herbert, who resides on an adjoining farm; one daughter, Mrs. Nicholas Weingard, at home; and three grandchildren.

### Probe Bomb Blast

CLEVELAND, Feb. 19.—The proprietor of a store near a bomb-wrecked Hough avenue bakery was questioned today by police on a theory that business rivalry was responsible for the explosion.  
The blast shattered nearly 200 windows in a four-block area yesterday and hurled apartment dwellers above the bakery from their beds. Julius Hertz, manager of the bombed building, estimated damage in excess of \$3,000.

### Funds Transferred

LISBON, Feb. 19.—County Auditor Ross Tisher today transferred \$10,000 from the gasoline tax revenue to the county road repair fund, and also transferred \$400 to each of the 18 townships in the county for township road work.

### TRAFFIC LIGHTS ELIMINATED IN NEW ORDINANCE

Revised Measure To Be Presented To Council Members

ONE-WAY PARKING PLAN IS APPROVED

Re-location of Two State Routes Up To Highway Officials

The safety and ordinance committees of city council, in preparing an amended traffic ordinance for council's consideration have ignored some of the recommendations of Safety Director J. T. Rafferty.

The safety head, at the last meeting of council, presented a list of recommendations for incorporation in an amendment to the city's traffic code.

No Traffic Lights

Both committees met last week to discuss the proposed changes, and, according to the revised ordinance which is now in Solicitor Henry Reese's office, failed to O. K. Director Rafferty's plans to have traffic signal lights erected at E. Pershing st. and S. Lundy ave., N. Lundy ave. and E. Second st., and N. Lincoln ave. and Second st. The latter would have operated only during school hours.

The pending ordinance, however, does provide for parking on only one side of narrow W. State st. between Ellsworth and Howard aves., as recommended by the safety director.

The proposal to have State Routes 9 and 45 re-routed in the city can not be incorporated in the ordinance, but plans are being made to ask the state highway department to make such changes. A resolution on the matter may be up for council's consideration.

Re-Routing Suggestions

It was suggested at council's last meeting that State Route 45 traffic be re-routed east on Third st. from N. Ellsworth to Lincoln ave., and thereby relieve congestion on downtown E. State st. State Route 9 would be brought in from the southern end of the city to S. Ellsworth ave. and thence north, instead of traversing Newgarden ave. and across the heavily traveled intersection of Howard ave. and W. State st.

Further discussion on the proposed construction of a swimming pool in Salem also is expected when the solons meet tomorrow.

### City, County Get New Relief Funds

The state welfare department today allocated \$1,000.733 for January relief expenditures, largest monthly contribution of the 1939-40 biennium, but the total was only 40.2 per cent of the amount spent by city and county relief funds.

Included was a \$3,739 grant for Columbiana and \$23,891 for Mahoning.

Of the district cities, Salem received \$301, East Palestine \$336, Wellsville \$724, East Liverpool \$2,447 and Alliance \$2,903.

William Hartsough, department relief consultant at Columbus, said \$1,000,000 appropriated for the month by the state legislature was augmented by \$733 left over from December, when the state matched local expenditures equally.

The total January bill of \$2,483,647 represented an increase of \$485,196 over December which Hartsough attributed to curtailment of WPA activities due to extremely cold weather.

### Program Presented By Grange Members

Willow Grove grangers held a Valentine box as a feature of the meeting Friday night at the hall. The program was as follows:

Song, "Tenting Tonight on the Old Camp Grounds," by the grange; paper, "Origin of St. Valentine's Day," Miss Helen Kloos; debate, "Who Was the Greater Man, Washington or Lincoln?" negative team including Willis Boone and Russell Myers winning over the losing affirmative, Alfred Patton and Miss Kloos; recitation, "Lincoln," Glen Halverstad; and closing song, "America the Beautiful," by the grange.

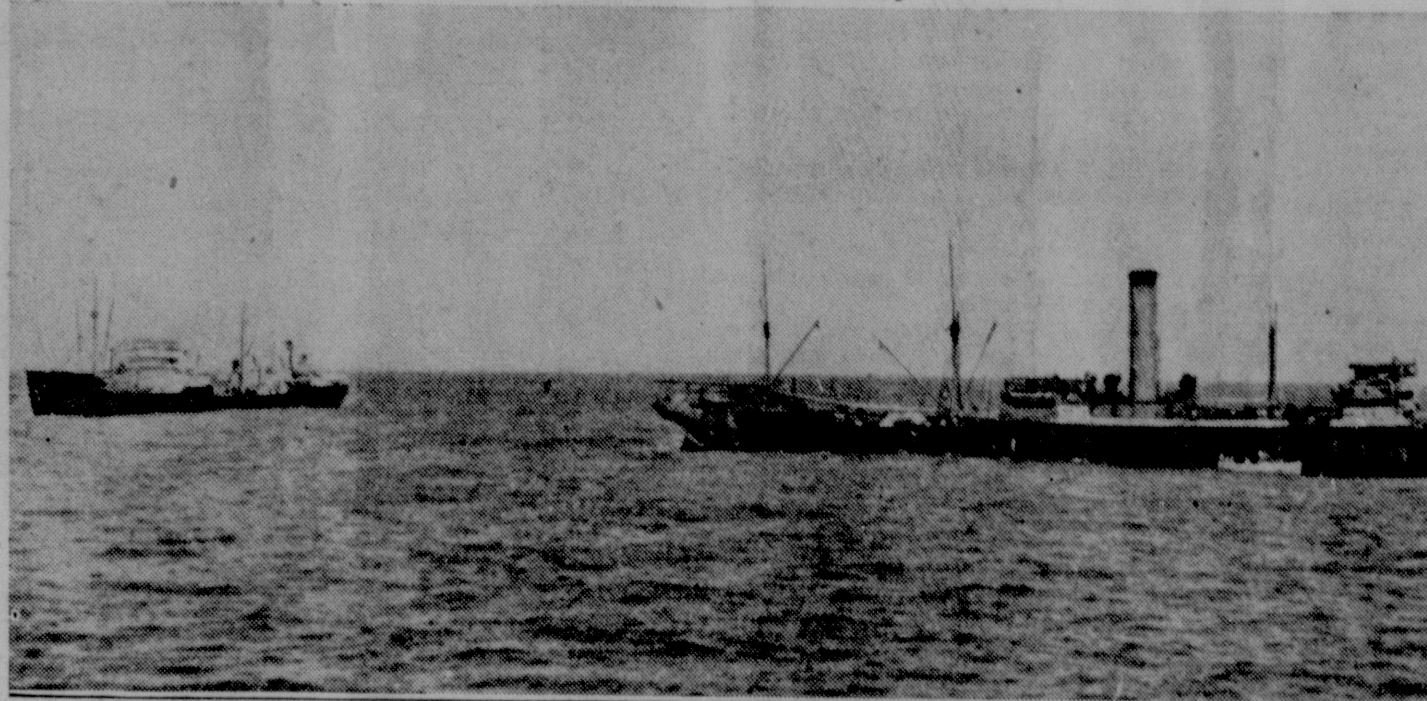

The next meeting will be held March 1.

### Experiment?

COLUMBUS, Feb. 19.—The possibility that 16-year-old Wendell D. Postle, Jr., was the victim of his own experiment after viewing a hanging in a motion picture was pondered today by Coroner E. E. Smith.

The youth, son of Dr. W. D. Postle, dean of Ohio State university's dental college, was found hanging with a rope from a basement steam pipe at his home. Dr. Smith said he found no evidence indicating deliberate suicide.

### COUNTY STUDIES JAIL PROBLEM

Property belongs to County, In Opinion of Prosecutor

LISBON, Feb. 19.—As county commissioners still delay orders for destruction of the condemned county jail, Prosecuting Attorney Karl T. Stouffer today issued opinions in regard to the jail property, and the issuing of bonds for a public building.

Stouffer, discussing the matter of ownership of the property and that "there is ample evidence the prison has been constructed on this site, provided for public grounds, for more than 50 years, and therefore there has been an effective dedication of this site for public purposes, and the title at present time rests with Columbiana county in trust for such use."

The prosecutor stated that in his opinion, bonds could not be issued for this purpose without a vote of the people, citing a section of the General Code of Ohio as the basis for his opinion, which states in part: "Provided that, except in part: 'Provided that, except by vote of electors, bonds shall not be issued by any county in an amount exceeding \$25,000 in any period of five years, for the acquisition, construction, improvement, enlargement or extension of any county building, including acquisition of site.'"

Meanwhile the commissioners are still delving for ways and means for the construction of a new prison, and bids are still being received for the razing of the old building.

### Falls To Death

MAGNOLIA, Ark., Feb. 19.—Robert Black, 39, of Lima, O., fell 40 feet to his death yesterday while working on a gasoline extraction plant under construction here. Black, a pipe fitter, apparently was overcome by escaping gas. A sister and two brothers survive. His body will be returned to Lima for burial.

### OHIO'S OLDEST PHYSICIAN DIES

Dr. William Eberle Thompson Succumbs At Bethel; Would Have Been 105 On July 5

(By Associated Press)  
BETHEL, Feb. 19.—Dr. William Eberle Thompson, known as the nation's oldest practicing physician, died at 1:30 a. m. today. He would have been 105 years old July 6.

Born and reared in this Clermont county village, Dr. Thompson resided here all his life, content in the simple but arduous role of "country doctor."

He had been in ill health in recent years but continued to prescribe for such patients who called at his white-painted cottage home. Just a month ago he enabled a Kansas to meet old-age pension requirements by attesting that he had officiated at his birth.

Only four years ago Dr. Thompson submitted to an operation for the removal of a cataract with such fortitude that surgeons said other persons who had feared a similar ordeal cheerfully acquiesced.

### Special Program Planned By Elks

A program on Americanism and Washington's birthday will be given at a meeting of Salem lodge No. 305, B. P. O. E., at the Elks home Thursday evening, following a dinner at 6:30.

Mayor Norman Phillips and Carl Auman will be speakers during the program for members only.

The 72nd anniversary of Elksdom was observed at a dance given Friday evening at the lodge home for Elks and their guests. Arnold Nye's orchestra played for the dance, which was followed by a buffet lunch. Lloyd Robusch and members of the entertainment committee were in charge.

### SPURNS ROLE AS "FAVORITE SON"

Senator Donahey Asserts "Acceptance Would Be Subterfuge"

(By Associated Press)  
WASHINGTON, Feb. 19.—Declaring "acceptance would be subterfuge," Senator Donahey refused today to be Ohio's favorite son candidate for the Democratic presidential nomination.

The senator had been endorsed for the nomination by the state central and executive committees which, however, went on record as favoring renomination of President Roosevelt if Mr. Roosevelt desires it.

"I appreciate the honor tendered me by the Democratic executive and central committee but in good conscience I am compelled to reject same," Donahey said in a statement.

Some advocates of a third term had been hopeful Donahey would run as a favorite son, and then, if Mr. Roosevelt were a candidate again, that the Ohio delegation would be turned over to the chief executive.

Garner May Enter

Spokenmen for Vice President Garner have indicated that he might enter his name in the Ohio primary in May if Donahey were not a candidate.

"By removing myself from the picture," Donahey's statement continued, "no embarrassment need attach to any bona fide candidate for President who desires to file in Ohio, nor to the controlling committees who endorsed the President for a third term at their meeting."

COLUMBUS, Feb. 19.—Ohio Democratic leaders today awaited Sen. Vic Donahey's acceptance of the role of "favorite son" presidential candidate before going ahead with selecting delegates to

### BRITONS' NAVAL BLOCKADE NETS TWO FREIGHTERS

Nazis Announce Torpedoing of British Destroyer Daring

DIPLOMATS WAGE WAR OVER ALTMARK

Germans demand Release, England Asks Internment

(By Associated Press)

LONDON, Feb. 19.—Great Britain and Germany traded blow for blow today in furious naval warfare.

While the British pridefully counted two captured German merchant ships as prizes of their sea blockade, the admiralty disclosed the British destroyer Daring had been torpedoed and sunk with a loss of 157 lives.

The enemy powers, meanwhile, waged a legal battle over the fate of the German prison ship Altmark, the British pressing for internment of the vessel in Norway, where a British destroyer cornered her Friday, and the Germans demanding her release.

Sixth Destroyer Lost

The Daring was the sixth destroyer lost by Britain since the outbreak of the war. In all, the British fleet has lost 25 vessels, of which 14 were capital ships, destroyers or submarines.

Where or when the 1,375-ton Daring was sunk was not disclosed.

She carried four 4.7-inch guns, seven smaller guns and eight 21-inch torpedo tubes. She was completed Nov. 24, 1932, at a cost of about \$1,125,000 and could attain the exceptional speed of 38.2 knots.

Among those lost were her master, Commander S. A. Cooper.

The German high command communique in Berlin reported the sinking of a destroyer and an undisclosed number of convoyed merchant steamers and tankers "in various sea areas" yesterday.

Two of six German ships reported to have gambled against the British naval cordon in a dash from Vigo, Spain, were brought into a British west coast port—the 8,000-ton Morea, loaded with manganese ore, and the 2,542-ton Rosstock, the British announced.

The Morea's crew of 28 men and seven officers were taken prisoner. There was no word on the Rosstock's crew or cargo and no explanation of the capture of either ship.

Six merchant ships—two British and four neutral—were week-end casualties of the war at sea or regular maritime hazards.

Britain's pressure on Norway for internment of the Altmark and Germany's demands for Norwegian action against the British placed the little neutral state ticklishly in the middle. She stood between diplomatic fronts of two belligerent powers.

Germany already had protested over ineffective protection afforded by the Norwegian navy for the Altmark in Norwegian territorial waters, where a British boarding party Friday night attacked the Altmark and released more than 300 captive British seamen from the prison ship.

On the other hand, there was the British demand that the 12,000-ton Altmark be interned for the duration of the war on grounds that she served as a German navy auxiliary by taking aboard, for transport to Germany, crewmen of seven British merchant ships sunk by the

### Draws Fine of \$100 On Traffic Charge

Nick Kachman, 23, of Prospect st., was assessed a charge of driving while intoxicated after the car he was driving and a truck, operated by Murray R. Harvey of Detroit, collided on W. State st., near the Pennsylvania railroad, at noon Saturday.

Arraigned this morning before Mayor Norman Phillips, Kachman pleaded guilty and was fined \$100 and costs. He was held in jail in default of payment.

John Menarchik of Prospect st., a passenger in Kachman's car, suffered cuts to his face and was given first aid treatment at the Central Clinic.

### Collections Good, Treasurer States

LISBON, Feb. 19.—Columbiana county taxpayers continue to throng the office of County Treasurer Olen Dawson as tomorrow's deadline for the payment of real estate taxes drew near. The mailing of tax statements, however, has speeded up the receipt of collections and there is no waiting in line at the windows.

The collection is proving very successful, Dawson stated, both as to current and delinquent taxes, which are being made under the Whittemore contracts. Dawson said there will be no extension of the tax deadline.

## NOT EVEN AS A GIFT

Dilemmas like that of Ocean county, N. J., which doubts if it wants the late John D. Rockefeller's 500-acre estate for nothing, write interesting footnotes to contemporary history. By accepting the property as a gift the county would lose \$11,000 that must be paid on it in taxes each year to keep the county from getting it by legal processes.

Furthermore, by the same token, valuable properties are becoming increasingly harder to sell. They are a luxury that only the very wealthy can afford to maintain. As the elder J. P. Morgan is supposed to have said when asked about the upkeep of a yacht, "If you have to worry about the upkeep you shouldn't be thinking about owning one."

Even the Indians would be scared stiff if someone tried to give the United States back to them now. They couldn't afford to take it. As Sitting Bull says, "Wampum swamp 'um."

## "UNCLE!"

Third term speculation has gone into some soaring flights of fancy, but a new altitude record is set in comment on James Roosevelt's marital problems.

When James filed suit for divorce last Thursday it promptly was interpreted as a sign his father would not run for a third term because the filing of a divorce suit by a member of the family would embarrass him politically. Or, to view the proposition in reverse, if the President intended to run for a third term his son would not get a divorce at this time because of the critical comment it would stimulate.

In view of the Roosevelt family's actively upheld reputation for doing as it darned, please even if father is in the White House, this is the all-time limit in third term speculation. Even those who claimed to know the President's intentions by looking at the fuzz on caterpillars and observing the moss on trees are ready to say "Uncle!" after this one.

## THE VACANT CHAIR

Sen. Donahy is the favorite son of Ohio Democracy. Come July 15 at Chicago. The record says so. It says also that National Committeeman Charles Sawyer is in the line of succession.

One favorite son and a spare should be enough; it's the legal limit. But this is the era of the More Abundant Life. Democrats of Ohio have proved fruitful. They have begot three favorite sons.

And lo, the third leads all the rest. He has but to speak and the paternal blessing is his. He is the prodigal, destined to be favored over all the others if he will but return to the family bed and board.

A vacant chair stands waiting at the top of the table. The instant he fills it, proclaim Ohio's Democratic central and executive committee members. Favorite Son Donahy drops to second place and Favorite Son Sawyer will be moved to third, below the salt.

Like the politics of Artemus Ward, the politics of the committeemen in the "Roosevelt forever" movement do be of "an exceedin' accommodatin' character."

## HAPPY ENDINGS

Happy endings to the Graf Spee adventure have been passed out to everybody but Norway as the result of the grounding of the Altmak on the Norwegian coast.

The Altmak, a German naval auxiliary vessel attached to the Graf Spee, had been sought by the British because it carried prisoners from vessels sunk by the battleship before its raiding activities in the south Atlantic were stopped.

When the British found the Altmak, they did what any other country would do under the circumstances. They obtained release of its prisoners in a brisk encounter. Unfortunately, this entailed violation of Norway's neutrality, because the encounter occurred in Norwegian waters.

At the same time it gave Germany an excuse to announce the beginning of unrestricted submarine warfare, which was to be expected sooner or later anyway. It seems likely the Germans are satisfied. The British have given the public something to be excited about, and the Altmak's prisoners, who must have been tired of close confinement, are free. Norway is professing indignation over violation of its neutrality, but in view of the fact it did everything it could to keep on the good side of Germany and failed through no fault of its own, even Norway can't complain too much.

## RUN TO GROUND

An engaging comment on the heavy snowfall in New York has appeared in the Herald-Tribune of that city, which boasts that natives who travel underground can laugh at such impediments. "Travel underground has its advantages here as well as on the western front," sagely concludes the Herald-Tribune's defiant tribute to man's ingenuity.

Here is something with the proportions of a big idea. Some thousands of years ago, historians tell us, men ceased to live with other animals in natural caves and bit by bit mastered the then difficult business of living in the open, using artificial shelters. This set them apart—gave them class, so to speak.

Encouraged, they began to do big things with life above ground. Come the day when their cave-dwelling ancestors, who otherwise might have been decently forgotten, were left so far behind that their up and coming progeny made sport of them in museums and funny papers. Perhaps that was the beginning of the end; it must have taunted fate. Because soon afterward the airplane began to fly overhead and the long range guns began to roar.

That's not the reason New Yorkers and natives

of a few other cities ran to ground. Their motive was to get from one place to another safely, like moles. But come the day when it might be necessary for them to get underground to save their necks, like Europeans, they would have a tremendous initial advantage in the struggle for survival, having become accustomed to living like cave men because their civilization is so advanced.

## THE STARS SAY:

For Tuesday, February 20

A MOST-fortuitous chain of planetary influences should make this day an eventful and memorable one. Things move at swift-moving pace into channels of progress and prosperity. This may demand a rearrangement of plans with the assistance of strange persons, new contacts and different surroundings. Travel seems imminent. New propositions and adventures are the order of the day, with old associates and systems proving a stumbling block. Social enjoyments are also a happy side issue.

Those whose birthday it is are on the threshold of a pleasant, productive and prosperous year, with many new events and experiences. A breaking away from old plans, objectives and ties is quite probable, with strange places and fresh contacts desirable. Fine stimuli for progress or creative work may come from inspired sources rather than outgrown ideals.

A child born on this day may be splendidly endowed with faculties for success, perhaps in new channels, as it should be original and imaginative, possibly being inspired from hidden sources. Its disposition will be lovable, genial, generous.

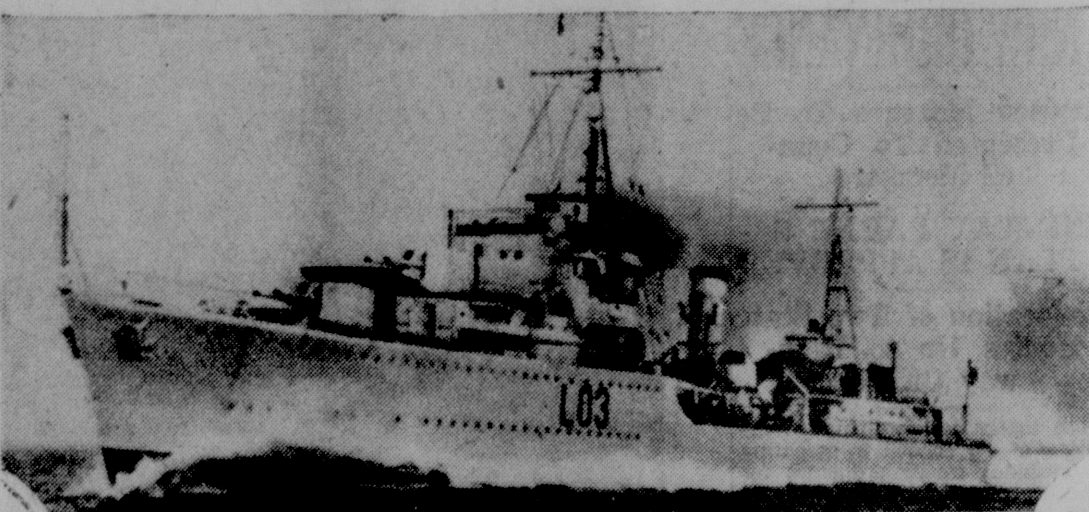

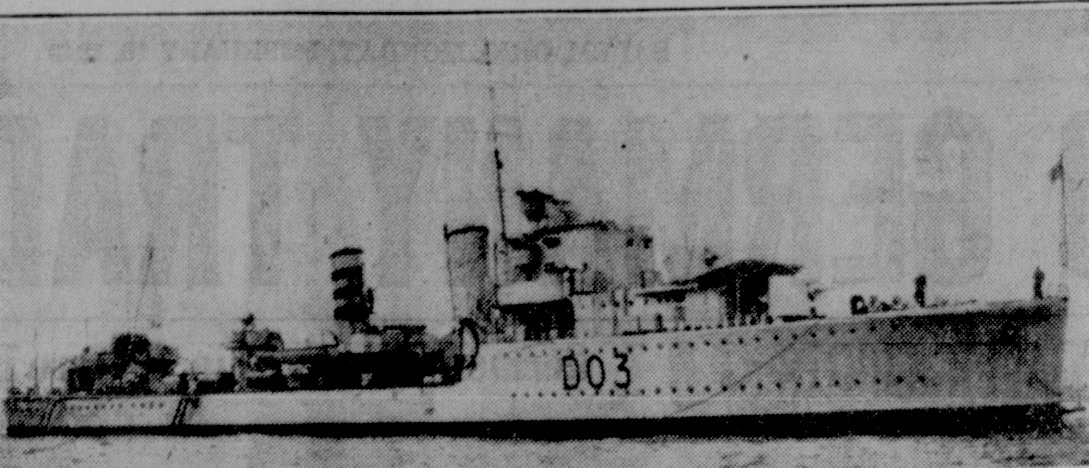

A prominent physician says one should learn to play and rest. It should be pointed out also that most adults have to learn to do it.

Those who think that nothing is as it used to be will be pleased to learn that the subject for a recent debate at Trinity college, Hartford, Conn., was: "Resolved, that it is better to have loved and lost than never to have loved at all."

A ring of counterfeiters of U. S. money is reported active in the Balkans. It's bad business, but the boys will have to be given credit for realizing they might as well counterfeit something good while they are about it.

It is reported that there are between 60,000 and 100,000 game cocks in California. It is one thing the chambers of commerce are not crowing about.

## In Spectacular Rescue of British Seamen

Top, is the British destroyer *Intrepid*, and bottom, the destroyer *Cossack*. The ships are reported to have forcibly removed 300 to 400 British seamen from the German prison ship *Altmark* inside Norwegian territorial waters. Several Nazi sailors were killed in the engagement that brought Norwegian warships up with command the *Altmark* be released. The Nazi ship was driven aground. The prisoners were crews of ships sunk by the *Graf Spee* before she, herself, went down at Montevideo.

## Rare Or Well Done? Science Discusses Art Of Eating

By LOGAN CLENDENING, M. D.

IS THERE any scientific basis for a preference for rare or well-done meat?

Experimental studies of the effect on the nutritive value of food from cooking are of comparatively recent date. Morgan and King showed that the more prolonged the heating, the less efficient was meat in maintaining nitrogen balance and in promoting growth in young animals. This confirms the belief of most people that rare meat is the most nutritious. You have to eat more well-done steak or roast beef to get the essential growth-producing qualities.

The proteins in wheat show the same tendency. The nutritive value

Dr. Clendening will answer questions of general interest only, and then only through his column.

of the crust of bread is less than that of the crumb. This, however, takes only the wheat protein into account. The starch is just as effective.

The situation is reversed in the high protein vegetables. Beans, peas, lima beans, navy beans and soy beans are notable in the vegetable kingdom as containing high amounts of protein. But if eaten raw, this protein has practically no, or very low, nutritive value. Cooking, however, changes the arrangement of the chemicals so that they can be utilized by the body cells to replace tissue and help in the up-building of new cells.

Cooking really helps nutrition in other less direct ways. It improves appetite and also facilitates digestion. An exclusively raw diet is unsuited for man today after his long experience with so-called civilization.

## TONGUE-TIE

Should a tongue-tied baby be operated on?

Tongue-tie is the condition where the frenum—the little cord in the median line under the tongue—is short or absent or placed so far forward that the tongue cannot be raised or protruded normally. Sometimes the tongue is even forked from

this cause. It usually produces no symptoms or trouble. It never causes difficulty in nursing, never causes delayed

speech, and only in rare cases causes any interference with articulation.

The situation is usually discovered by a zealous mother or father. Usually it should be let alone. The frenum elongates anyway with growth and tongue-tie corrects itself. If the tongue can be protruded

to the external margin of the lips, it may safely be let alone.

In severe cases, however, it is not difficult to correct it. The tip of the tongue is raised and the firm tendon-like part of the frenum is clipped. There are quite fair-sized blood vessels running in the frenum and care must be observed to avoid these. Such minor operations are probably done more often than necessary.

## after a cold then what

DOCTORS stress remaining in bed until the body temperature is normal. Sound advice.

You know how weak you feel after a cold. Colds play havoc in weakening the body. The story is well told in the blood picture. It is important to build back body strength right away to carry the load of work, worries, and loss of sleep. A weakened body may be more susceptible to relapse or long drawn out recovery.

So reason sensibly and take the choice of millions by immediately starting on a course of S.S.S. Tonic—taken three times a day immediately before meals. In the absence of a focal infection or organic disease, you should note improvement in the way you feel and look within the first 10 days. The confidence of millions over many years is the best testimonial of this product.

An experience with S.S.S. Tonic will cause you to say to your friends, S.S.S. made me "feel and look like myself again."

## First in the Hearts of its Countrymen

YOU don't have to look farther than the nearest parking lot to see how the public has taken to this 1940 Buick.

Although it is not the largest seller, polls of public opinion mark it clearly as the car "first in the hearts of its countrymen."

On general appearance, for instance, Buick gets better than a 19% vote as best looking, to 11% for the Number Two car.

Its thrifty Dynaflex power plant, now balanced after assembly, gives it twice as many Best-of-the-Bunch votes as any other, as does its chassis construction.

With soft and easy coil springs all around it's only natural that some two and a half times as many people pick Buick as best for ride. And a two to one vote on room is understandable in view of the SUPER's close-to-five-feet front seat.

But the really satisfying thing to us is the way people size up Buick's value.

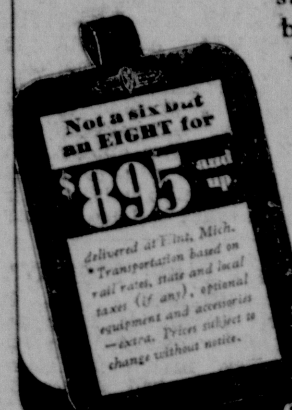

Half again as many people pick

The model illustrated is the Buick SUPER model 51 four-door touring sedan \$1129 delivered at Flint, Mich. White sidewall tires additional.\*

Buick as best buy as pick any other. And three out of five who rate Buick No. 1 say it's the value that gives it the edge.

So it's not surprising when polls show more people wanting Buick than want any other car — and when Buick's midwinter sales hit new peaks.

And shouldn't that, in turn, logically suggest: better get yours now — and be sure of having it?

## CHAPTER XXIV

De spite the long day behind him and a few short hours of sleep, he was up before seven. There was much to do. Without delay he must and Record and tell him of the unforeseen change in his plans, but first he wanted to question the peon and the three prisoners. Here, if he watched his chance, was his most certain source of knowledge about the Brotherhood. Eager to talk with them, he passed quickly down the stairs, but at the door of the hacienda Lola's voice called to him from within the patio.

Her eyes were clouded, and Douglas remembered the scene of the night before.

"You want me, little cousin?" he asked.

"Can't you imagine what I want you for?"

He could see the gathering storm on her face, but he only shrugged "perhaps to scold me about the knife I dropped so carelessly."

Her fingers plucked at a tiny handkerchief. "Would you have me believe you dropped that knife in accident?"

"Would you?" she insisted.

Lifting her in his arms he seated the angry girl among the cushions of the lounge. "Lola, mia, your charming artist is quite safe, at least until he has finished that picture of yours." Then leaning over he drew his hand through her thick black hair. "Lola, mia, we mustn't ever be at cross purposes, you and I. We mustn't let anything or anyone come between us."

"Is it your own suspicions that are coming between us?"

"Suspicions of what?"

"Of Paul. You resent him. Now that you are back from Spain I must drop every friend I ever had, simply because you, like some royal personage, have come to claim your own."

His voice was quieter still. "I come to claim nothing, Lola. I only remember how much we have been to one another." Regret lay heavy in his eyes—not until now had realized the rift between them.

He leaned closer. "You haven't forgotten that, have you, Lola? All that we are going to do, all that we are going to make of life together?"

Almost fearfully she stood looking up into his face, her lips parted, as if she were about to speak, then suddenly tears started to her eyes, and with a stifled sob she ran headlong from the room.

Saddened by the presence of this widening gulf, Douglas waited until the sound of a door closing told him she had taken refuge in her room. Was this also some fault of his—had he waited too long? Or else was there some hidden reason why Lola could not bear to hear of the dreams they had shared in childhood?

With an effort he threw off the weight of that disturbing meditation and walked down the path to the bunk-house. As he turned toward the stables the door of the bunk-house burst open and Bob Russell came running forward, his face eloquent of unwelcome tidings even before he was close enough to speak.

"I got bad news for you, Boss." "The prisoners?" Douglas questioned sharply.

"They got away in the night—all

of 'em. Lord knows how. I tied 'em up myself and we locked 'em in the tool house."

"They got out through the window?"

"They didn't have to. Somebody opened the door."

Silence fell between the two men—an accusing silence whose implication led either to someone among their own vaqueros or else—Paxton. Might he have returned? Speculation was useless—the crushing fact remained that the prisoners were gone.

"I should have put a guard over them. We might have learned so much." Abruptly he asked, "What about the other one?"

"I'm taking no chance with him. He's inside the bunk-house now. All in."

"Let him rest. Tonight will be soon enough to find out what he knows. Meanwhile, I want you to bring in the boys from the foothill ranges. Get them here before dark and set up cots for them in the bunk-house. It will be all over the valley by this afternoon that the morada has been destroyed."

The Texan nodded. "Right now the boys are cleanin' and loadin' those rifles we lifted last night. We're kinda lookin' for trouble before sun-up tomorrow."

"It may come sooner. But that gives us all day. I'm bound for the Neale ranch and later to the ranger station. I'll be back here before dark."

Before nine o'clock Douglas had reached the Neale ranch, where all through the morning he and Alison sat on the vine-shaded porch summing up their possible allies against the Brotherhood. Four or five ranchers they could surely count on, the rest were doubtful. Four ranchers and about thirty vaqueros in addition to their own. No more. At best it would mean that the raiders outnumbered them two to one.

"There are more important things than numbers when you're fighting for your life," Douglas said, and Record's help now. "We need Record's help now. We need Record's help now. We need Record's help now."

Three of screenland's leading dancing stars head the cast of the musical comedy, "Broadway Melody of 1940," showing at the State tonight and Tuesday.

One of them, Eleanor Powell, made her screen debut in the Broadway Melody of 1936 and has been a star since then. Astaire, whose reputation as a dancer is superior even to Miss Powell's, is well known as the former dancing partner of Ginger Rogers. George Murphy, New York headliner, who has never been properly presented in films, gets his chance to show his dancing ability and nearly steals the spotlight.

The three dancers execute nine dance numbers before some of the most colorful settings the screen has ever presented. The music featured in the show is that of Cole Porter, ace song writer, who has written five new tunes and added his sensational "Begin the Beguine," which is staged as a dance for the first time by Miss Powell and Astaire.

Comedy by Frank Morgan, Florence Rice, Lynne Carver and Ian Hunter adds much to the entertainment values of the best recent musical comedy seen here.

MODESTO, Cal. — Walter Hicks, 54, who had been hunted for weeks as a bandit suspect, unwittingly ended the search when he walked into the county jail to visit a prisoner friend. Jailer Bud Hughes recognized him, and Hicks joined his chum behind the bars.

Marking time has no place in the Bell System. Each year brings something new to carry the telephone industry forward. One example of this is the telephone instrument itself, which went through a long series of changes and refinements before the high precision instrument in use today could be developed. In the Bell Telephone Labo-

SMART, SIMPLE-TO-SEW  
APRONS

Pattern 4394

You'll save on those cleaner's bills and keep your clothes spic-and-span with a good supply of aprons on hand. Stitch these two styles quickly from Anne Adams' Pattern 4394, with illustrated Sewing Instructions to speed you along. The long front panel may smartly contrast, as shown on Apron B. Do notice how the front straps and the sides of the bodice to the very sash itself, form one simple piece. The side of the skirt are in single pieces too. To keep the straps UP, the back shoulders are joined. Point or curve the neckline, and use either ric-rac or ruffle trim.

Pattern 4394 is available in sizes small, medium and large. ## COPPER USE UP 77 PCT. IN 1939

## Increase Is Greatest In 10 Years, Bureau of Mines Reports

WASHINGTON—The Bureau of Mines reports that acceleration of domestic industry and increased war demands led to a 77 per cent increase in copper consumption last year, compared with 1938. It was the highest since 1929.

Smelter production from domestic ores increased 33 per cent, and with the exception of 1937, was the greatest since 1929. Stocks of refined copper at refineries, however, dropped 46 per cent, while those of unrefined copper rose. Exports of metallic copper were a fraction below 1938, but imports of manufactured copper were 25 per cent above the previous year.

Foreign trade trends were disturbed in the final quarter of the year, the bureau reports, and exports to Germany, the United Kingdom and Poland ceased near the close of 1939. Japan increased its share of total exports of refined copper from 29 per cent in 1938 to 33 per cent in the first 10 months of 1939, and to 42 per cent in November.

Soviet Russia, which imported no refined copper from the United States in the first 10 months of 1939, took 17 per cent of the November totals. During the final quarter imports of refined copper from Chile were more than three times as high as the entire preceding 10 months.

It was pointed out that included under refined copper are such products as ingots, bars, rods, pipes, tubes, plates, sheets, wire and insulated cable. Additional forms are the ore, matte, and blister.

Of the refined ingots, bars and other forms exported the following countries received the largest quantities:

	Pounds
Japan	215,596,882
France	130,356,520
Italy	53,009,196
Sweden	45,164,684
Germany	45,568,111
United Kingdom	42,553,100
Poland and Danzig	25,519,771
Czechoslovakia	2,096,989

It was estimated that copper stocks and materials in process of refining totaled 532,000,000 pounds at the year end, compared with 466,000,000 pounds reported on hand at the end of 1938.

## SEARS TO OPEN STORE FRIDAY

Preparations Complete for Opening of New Establishment at 545 E. State St.

Sears, Roebuck and Co. in opening a new retail store in Salem, is staking many thousands of dollars on the future of the city, according to C. R. Campbell, manager, in an interview today. Since the completion of negotiations for the rental of the building at 545 East State street, work has progressed so rapidly that the company is now able to set the opening date for next Friday.

In the meantime, every inch of the 8,100 square feet of floor space will have been gone over by electricians and decorators; departments will have been laid out, merchandise ordered and distributed in each section, and an efficient daily routine established. In addition, salespeople, chosen from Salem applicants, are completing the course in courtesy and efficiency prescribed for all those who serve Sears customers.

"Since we are taking an active place in the business life of Salem, we are more vitally interested in its welfare," Mr. Campbell said. "In accordance with Sears policy, we will employ local labor in all construction and remodeling of the store, and select local people for sales work."

Merchandise to be handled by the new store will include sporting goods hardware and paints, housewares, electric washing machines, ironers and refrigerators, stoves and ranges, plumbing and heating equipment, radios and radio equipment, automobile accessories, tires and motor oil.

## Washingtonville Class Will Have Birthday Party

WASHINGTONVILLE, Feb. 19.—The annual birthday party of Trinity Lutheran church Sunday school was held in the church basement on Friday evening with about 150 present.

A JACKET is to a dress what colorful lacquer is to a manicure. Unless a frock is an important one, it needs either a bolero or little coat when its wearer goes into town for luncheon, tea or even a chocolate soda. This is one reason we've chosen the three-piece costume, left, for your young things.

Indoors, you'll love showing the eyelet-embroidered blouse under the suspender skirt; stepping out, slip on the jacket and pin a fresh boutonniere to one lapel. Colors for the rayon crepe are sherry and blue, grey and rose, russet and turquoise, navy and pink and black with turquoise.

A hooded jacket lined in crepe is the upper half of a crisp wool costume, right. Zipped closed, no blouse is required. Thrown open, the coat takes a tuck-in jersey blouse or sweater, or at least a dickey. We like this outfit in green and natural but it's also available in blue and wine or rose with brown.

given by Mrs. Emmett Brudery, Joseph Justice and Joseph Woods. The DeJane quartet, composed of Charles DeJane, son Keith, and Wilbert DeJane and son Gilbert, sang several selections. A social hour was enjoyed and lunch served.

**Class Entertained**  
The Unity class of the Methodist Sunday school was entertained at a Valentine party in the home of Rev. and Mrs. S. J. Shoemaker at Leetonia on Thursday evening. A display of moving pictures was enjoyed during the social hour. Lunch was served. Mrs. Don Vignon and Mrs. John Voile will be the next hostesses.

Miss Myrna Davis entertained the Junior Music club of Leetonia at her home on Thursday evening. Miss Jane Peppell was in charge of the meeting. The hostess served lunch.

The South Side "580" club members were entertained on Wednesday evening in the home of Mrs.

Lloyd Culler. Prizes were won by Mrs. Leslie Tingle, Robert Kornbau and Mrs. Norman Kornbau. The hostess served lunch. In two weeks the club will be guests of Mrs. Albert Ritchie.

Mrs. Curtis Grindle and children visited over the weekend with her sister, Mrs. Ralph Hunter, and family, at Warren.

**Cat Is Rescued**  
CASSVILLE, Mo.—Mrs. Nicholas Rayon heard her cat crying.

She went outdoors with a flashlight and found the cat on top of a tall pole. A fox was on the ground trying to get her. Mrs. Rayon scared the fox away, and the cat came down.

now-scuttled pocket battleship Admiral Graf Spee. Germany had demanded that the Oslo government take "all possible measures" against "the perpetrators" of the attack on the Altmark, and Norway Saturday formally called upon the British to return the prisoners of war, although they already had been landed in Scotland by the rescuing destroyer Cossack.

Britain, however, anticipated Norway's diplomatic fire with a cross complaint, demanding to know why Norwegian inspectors failed to discover that the British prisoners were aboard the Altmark while the German ship was being accorded the privileges of a belligerent's merchant ship—that is, right-of-way through Norwegian territorial waters.

The British answer and counter-demand were made Saturday, but disclosed only yesterday.

## BLAME YOUR LIVER IF—

If your liver doesn't secrete 20 to 30 ounces of bile every day into your intestines—constipation with its headaches, mental dullness and that "half-alive" feeling often result. So you see how important it is to keep bile flowing freely! And what finer aid could one desire than Dr. Edwards' Olive Tablets, used so successfully for years by Dr. F. M. Edwards for treating his patients for constipation and sluggish liver bile. Olive Tablets are unsurpassed in effectiveness because they stimulate liver bile to help digest fatty foods, they tone up muscular intestinal action, at the same time help elimination. Being purely vegetable, Olive Tablets are wonderful! Test their supreme goodness TONIGHT! 15¢, 30¢, 60¢. All drugstores.

## CLEANING PLANT HAS SPECIALTY

Fine Hand-Finishing Is Done by the Paris Cleaners

Approach of the last part of winter provides Salem people with many public affairs to attend, and a series of social events.

All these forthcoming objectives present one with a desire to present a neat appearance and to make a favorable impression. Aiding greatly in this type of enterprise is careful dry cleaning and pressing of one's clothing. Paris Cleaners on Benton road are able to give outstanding service.

When the winter social season is at its height, and throughout the year, the dry cleaning shop is devoting a large part of its time and effort to the cleaning and pressing of women's formal dress, evening gowns and the more brilliant and expensive women's garments. Such work requires special skill, the best of cleaning processes and solvents and particular care by the worker.

A large majority of women's dresses are hand finished and pressed with extreme care. This fancy finishing of an evening gown gives it the appearance of just having come from a dress shop. All the original colorings, sheen of material and pleasing lines are brought out again.

L. C. Price, proprietor of the shop, has special steaming equipment to restore the fluffiness of sleeves and revive the delicacy of any garment. With women's clothing, and much of the men's, spotting is done before the garment is cleaned. All garments are looked over thoroughly for repairs and whatever adjusting is to be done is completed before cleaning is started.

## IT'S TIME NOW TO DO PLANTING

Local Firm Can Provide Great Variety of Materials

There is always a right time to do almost anything. Right now is the right time to make definite plans for your landscaping. The most planting can be done in from four to six weeks, and the sooner shrubs or trees are in the ground the better, because they have the advantage of time as well as cool days and abundant moisture.

It is true they can be transplanted almost anytime if they're given the proper care, but early spring planting is much simpler because nature provides all the necessary requirements.

Landscaping, properly arranged, gives a more beautiful effect as the years pass.

### Experienced Help Available

As in everything else, it's just good, common sense to seek the assistance of men who are experienced. No one can give more accurate advice than the Cope Bros. & Fultz nursery, on the Depot rd. What's more, this advice is absolutely free. This firm will even make drawings of your planting and assist in other ways, helping you to select the varieties to produce beauty in design.

To list the possibilities of shrubs or trees would be an extensive task, but you may well consider some of the following: The pink flowering almond, a small shrub flowering in April, with pink flowers from the base to the very tip of each branch; the atea or Rose of Sharon, blooming in August and September, with its many varieties, to please everyone.

The azaleas, the new red-leaved barberry, the new bush, a new shrub from Asia, an early-blooming honeysuckle type flower in wonderful profusion.

The many varieties of dogwood; the cotoneasters, the fringed purple bush, with its fringe-like flowers; and there is also a white variety.

Lilacs, literally hundreds of varieties, both Persian and French, beside the common purple and white, so well known.

Honeysuckles, elder, forsythia, the privets, hydrangeas, spiraea, snowberries, tamarix, viburnums, weigelas, all of which can be had in many varieties.

The Climbing Variety  
The climbing vines, clematis, wisteria and others, climbing up the chimneys, or covering a lattice.

The deciduous trees are almost numberless, but Cope Bros. & Fultz have most varieties in all sizes.

The popular evergreens are a specialty with this firm. Here you will find a dozen or more varieties of arbor vitae, several fir and a host of popular never-falling junipers, all the worth-while pine, spruce and an interesting list of yews.

Rhododendrons and the magnolias come in many colors and sizes. Fruit trees including the rare and patented Cope seedless pear, are supplied both the home owner and the orchardist.

Cope Bros. & Fultz have been your neighbors for many years. They are right here to help you, anytime, with your plans. Their nursery stock is grown on Columbiana county farms. The same conditions prevail as at your homes. Any mistakes can be rectified at once, and will be. So why should you look farther? Why not phone now, have a representative call and assist in your plans for spring planting?

## New Cars Popularize Winter Sports

Goodbye to the old fish shanty! Winter sports enthusiasts in every field, from skiing to ice fishing, have found a new way to enjoy their favorite winter pastimes without sacrificing comfort. The idea according to Mr. Woodworth, of the Buckeye Motor Sales, is to take the "fishside" right along with you—in the form of a new conditioned air Nash that manufactures its own summer weather wherever it goes. Whenever the frost nipped these ice fishermen they simply climbed into the car, turned the "Weather Eye" dial to the temperature they wanted.

## P.T.A. WILL MEET AT COLUMBIANA

Interesting Program Is Arranged By School Group

COLUMBIANA, Feb. 19.—The February meeting of the Columbiana Parent-Teacher association will be held in the school auditorium at 7:30 p. m. Tuesday. Mrs. John R. Siekkinen, president of the Youngstown Parent-Teacher council, will discuss "P. T. A. at Work and Play." The public speaking class taught by Miss Istella Esterly will present a play "Kangaroo Court at Girls' Camp." Lunch will be served.

### Auxiliary to Meet

A special meeting of the American Legion auxiliary will be held at 7:30 p. m. Wednesday at the Legion hall, with Girl Scouts, Boy Scouts and members of Benjamin Firestone post as guests. Rev. J. C. Wilson will give a talk on "Americanism." John Lorange, Youngstown, formerly of Columbiana, will discuss national defense.

"The Country Store" will be presented by the local I. O. O. F. lodge Thursday evening, Feb. 29, in the High school auditorium. This will be a variety show with local talent.

The second meeting of the Columbiana-Mahoning County Poultrymen's school will be held Wednesday afternoon at the plant of the Northeast Ohio Poultry association. C. M. Ferguson, poultry specialist of Ohio State university, will discuss "Quality Egg Production and Marketing."

### Visit In Florida

Mr. and Mrs. E. A. Bowles left Sunday on a two-week motor trip to Florida. Frank Crook, Lisbon, will be the pharmacist at the store during Mr. Bowles' absence, while James Bender will be in charge of the business.

A Republican meeting will be held Thursday evening, Feb. 29, at the municipal building with Atty. Lozier Caplan, Salem, as speaker.

Mrs. E. J. Esterly has returned from Columbus, where she spent the weekend with her daughter, student at Otterbein college, Westerville, and her sister, Mrs. R. D. Pavey.

Miss Mary Hammond, attendant at the Massillon State hospital, spent the weekend with her parents, Judge and Mrs. H. W. Hammond, and family.

charge of Rev. Theodore Cord. Internment will be in Lisbon cemetery.

Friends may call tonight at the home.

### MRS. DELLA STAMBAUGH

Mrs. Della O. Stambaugh, 77, a former Salem resident, died Saturday noon in the home of her daughter, Mrs. C. E. Mosser, 720 Shadydale ave., SW, Canton, of pneumonia.

Mrs. Stambaugh, widow of Jacob B. Stambaugh, had made her home in Canton for the last five years. She had made her home with a daughter, Mrs. Elmer Kennell, in Salem, at one time. She was a member of the First Reformed church at Ousterburg, Pa.

Surviving are three daughters, Mrs. E. J. Gebs of Ousterburg, Pa., Mrs. Kennell of Salem and Mrs. Mosser of Canton; one son, Fred L. Stambaugh of Canton; a half-brother, Earl Heitchev of Hollidaysburg, Pa.; 15 grandchildren and five great grandchildren.

Funeral service was held today in Ousterburg, Pa. Burial was in that city.

## He's Healthy

If ever a youngster literally radiates health, it's Thomas Edward Burt, the young son of Mr. and Mrs. Charles Burt of Perry st. When this picture was made Thomas was two years of age. During his entire life the Old Reliable dairy has furnished the family's milk supply, and to Thomas that means by far the most of the food he has taken.

Old Reliable dairy milk is a blend of Jersey and Guernsey, a combination that doctors agree is exceptionally palatable and is easily assimilated by the youngest of babies. Carefully pasteurized Old Reliable dairy products are safe.

## Ford January Sales Show Decided Gain

Despite unusually severe weather conditions throughout the south, January sales of Ford cars and trucks and Mercury cars throughout the United States totaled 65,435, a gain of 14,580 units over the same month a year ago, it was announced today by the Ford Motor company.

An especially strong showing was made by the Mercury car, with sales 49 per cent higher than in January, 1939. Truck and commercial car sales gained 45 per cent over the corresponding period a year ago.

## Miss Myrtle Baker, Washingtonville, Honored At Party

WASHINGTONVILLE, Feb. 19.—Miss Myrtle Baker was given a surprise by relatives and friends when they gathered in her home Saturday evening to help her celebrate her birthday anniversary. The evening was spent with cards. Lunch was served. Miss Baker was presented with a lovely gift.

### Class Has Party

The Elizabeth class of Trinity Lutheran church held its monthly party in the church parlors Wednesday evening, with 18 members present.

The meeting was in charge of the president, Mrs. Rose Woods. Contesters entertained during the social hour and a shower of towels was given the teacher, Mrs. Marie Candé, in honor of her birthday anniversary.

Lunch was served, with valentine appointments as favors. An exchange of valentines was a feature. The next meeting will be held the second Wednesday in March with Mrs. Walter Berg, Miss Amanda Bilger and Mrs. Candé as associate hostesses.

John Youtz and family have moved from Leetonia to the P. G. Davis home on Main st., recently vacated by John Sanders.

### Guests of Parents

Mr. and Mrs. Ralph Hunter and daughter Norma Jean of Warren were Sunday guests of her parents, Mr. and Mrs. Henry Richards, and family.

Mrs. David Weikart spent Tuesday in the home of Mrs. Martha Weikart at Columbiana.

The condition of Donald Jackson, who is confined in the South Side unit of the Youngstown hospital, following an accident on Monday, is a little improved.

# Quakers Head Into Home Stretch Of Basketball Season

## SALEM PASSERS FACE BOARDMAN TUESDAY NIGHT

Quakers to Complete 16-Game Schedule On Friday Night

Winner over Wellsville in a one-sided contest last Saturday night, Salem school's Quakers headed today into the home stretch of a 16-game basketball campaign.

The Quakers will play their final home game of the 1939-40 season tomorrow night, meeting Coach Lowell Allen's Boardman passers on local hardwoods.

The 16-game campaign will be completed Friday night when the Quakers invade Struthers. Tournament competition will follow less than one week after the Struthers game.

**Seventh Victory**  
The Quakers brought their season's record back up to the even 500 mark last Saturday night, posting their seventh victory as they swamped Wellsville's Bengals, 45 to 22, in a Columbiana county game here.

The triumph was the third the Quakers have scored this season over a county opponent. Their lone loss in county competition was handed them by East Liverpool, 34 to 33.

The Quakers, bounding back into the win column after dropping a two-point decision to Akron West last Friday night, had things all their own way against the Bengals, who have been handicapped since mid-season when they lost three stars.

Wellsville presented a "green" team, composed mostly of sophomores upon whom Coach Bill Storer is basing his hopes for a successful team in the next two years. The inexperienced Bengals displayed a fast-moving offense, which kept the Quakers on their toes throughout the game, but their defense was woefully weak. They started the game using a man-to-man defense, switched to a zone for a short time in the first period, then went back to man-to-man style for the remainder of the contest.

At the end of the first quarter, however, found both of their defensive systems easy to penetrate and broke through frequently to score from under the baskets.

Moving out in front in the first quarter, the Quakers led all the way, climaxing their one-sided romp by holding Wellsville scoreless in the last period.

At the end of the first quarter, the Quakers led in a low-scoring first quarter, then increased their advantage from three to eight points in the second period to lead 19 to 11 at halftime.

**Score Freely In Third**  
Both teams scored freely in the third quarter with the Quakers maintaining the advantage by counting 13 points to Wellsville's 11. At the end of the third frame, Salem led, 32 to 22.

The Bengals had few opportunities to tally in the fourth period, going scoreless while the Quakers rang up 13 points to turn the game into a run-away.

Coach Herb Brown used 11 Salem players in the contest and all but two of them broke into the scoring.

Coming to the Quakers' varsity lineup was Ray McGaffie, who saw action in the second and fourth periods.

Bob Shoe, regular guard, enjoyed his biggest scoring spree of the season by counting 14 points for the Quakers. Shoe flipped in six field goals and two free throws.

The Salem reserves also came through with a victory, defeating Wellsville reserves, 27 to 18, in one of two preliminary games.

## TRINITY COPS LEAGUE TITLE

Wins First Half Championship of Church League

The Trinity Lutherans captured the first half championship of the Church Basketball league at the Memorial building Saturday, gaining their ninth victory by trouncing A. M. E. Zion, 41 to 19.

The Lutherans, who lost only one game during the first half, experienced no difficulty in adding the Zions to their list of victims.

A 32-to-16 victory over the Christians enabled the Episcopalians to finish the first half in second place. The win was the Episcopal team's eighth in 10 games.

B. Theiss fired 15 points through the hoop to pace the Emmanuel Lutherans to a 38-to-28 victory over the Nazarenes. In other league games, the Methodists upset the Baptists, 25 to 18, and the Presbyterians defeated St. Paul, 24 to 17.

NEW YORK, Feb. 19.—The Louis-Godoy fight films were sharply edited for the South American trade—to make Arturo look his best. Railroads operating ski trains out of New York say last year's biz will be more than doubled. It now is warm enough in the far south for the Alabama baseball candidates to work outdoors. If the Red Sox wanted to reveal the figures you'd probably find they paid nearer \$50,000 than the reported \$75,000 for Dominic DiMaggio.

## SECTIONAL CAGE RACES OVER U. S. ARE NEAR CLOSE

**Conference Competition In Most Sections Is About Finished**

**BY HUGH S. FULLERTON, JR.**  
NEW YORK, Feb. 19.—A lot of sectional basketball titles will be settled either this week or next, but the race for the national crown is just getting under way.

Conference competition in most sections winds up the first weekend in March. Then comes the national collegiate A. A. tourney to decide the successor to Oregon as national champion, a few invitation tournaments and the national A. A. U. event.

About the only team that can feel really comfortable is Oklahoma A. and M. Hank Iba's Cowboys clinched at least a tie for the Missouri Valley conference crown by trimming Drake 52-34 last Saturday for their ninth conference win, their 21st straight this season and their 45th in a row on their home court.

**Leads In South**  
Duke can hardly be beaten out of first place in the Southern Conference, having lost only one of 12 log games.

Georgia bounced up to tie Tennessee for the Southeastern lead last week.

Oregon State, far in front in the northern division of the Pacific Coast conference, can clinch another title by beating Oregon's 1939 national champs Friday.

In the southern section of South-eastern, the Georgia Bulldogs need only to beat Stanford to settle things beyond doubt.

Other sectional leaders, most of which have a good piece to go before they can claim 1940 titles, are: East, league, Dartmouth, 7-1; independent, New York university, 15-0 Big Ten, Purdue, 6-1; Big Six, Missouri, 7-1; Southwest conference, Rice, 7-2; Big Seven, Colorado, 8-1; Missouri and Rice are newcomers at the top, displacing Oklahoma and Texas last week.

A 20-point scoring spree in the second period featured the Carroll Club's 41-to-16 victory over Lem-bright's Bakery cagers at Alliance Saturday night.

The Carrolls were out in front 25 to 12 at halftime and increased their advantage in the third and fourth quarters to win going away.

Joe Savona tallied nine points to lead the scoring.

## 6 NEW LEADERS REACH TOP IN WOMEN'S MEET

**Cleveland Girl In Spotlight In Ladies' Pin Tournament**

COLUMBUS, Feb. 18.—New leaders were enthroned today atop six of the nine divisions in the Ohio State women's bowling tournament. Millie Klier of Cleveland put on the greatest kiegling exhibition yesterday as the four-week tournament passed its half-way mark.

The Cleveland star posted a three-game total of 622 in singles, five pins better than last year's winning score, to take first place in Class A. Berry Burbrink of Cincinnati was second with 594.

Millie Klier also rolled 537 in the team event and 596 in doubles to place first with 1,765 in the Class A all-events division.

**Sisters Lead Doubles**  
The sister combination of Dora and Lora McMullen of Cincinnati paced the Class A doubles with 1,113, while trailing by one pin were Mildred Bailey and Rose Suchan of Cleveland.

Other new leaders included Violet Perry and Verne Wongroski of Toledo in Class B doubles with 1,060; Marjorie Bressler of Toledo in Class B all events with 1,629, and Queen Beauty Salon of Columbus in Class B teams with 2,446.

Play will resume next weekend with a large delegation of Toledo bowlers leading a field from widely scattered Ohio cities onto the alleys.

Here's how some of the other contestants stand:  
Doubles (Class B). Mary Dintama-Florence Handwork, Mansfield, third.

Singles (Class B). Florence Jacobs of Canton, fifth.

## SPURNS ROLE AS "FAVORITE SON"

Senator Donahey Asserts "Acceptance Would Be Subterfuge"

(Continued from Page 1)

the party's nominating convention in Chicago July 15.

Donahey, chosen by the state central and executive committees Saturday as nominal first choice of Ohio's convention delegation which would be pledged to support President Roosevelt for a third term, must give his written consent to delegate-candidates using his name to gain election at the May 14 primary.

### Will "Play Ball"

The senator declared before Saturday's meeting that he would abide by the decisions of the committees, although previously he said he would not be a "stalking horse" for anyone.

Pending Donahey's decision, the state organization empowered a committee of five—including Donahey—to pick a slate of 16 delegates-at-large, each to have one-half vote at the convention. Others on the committee are Charles Sawyer and Mrs. Mildred Jaster, national committee members; Earl Hanefeld, central committee chairman, and Arthur L. Limbach, executive committee chairman.

Forty-four district delegates, each with a full vote, will be selected within the congressional districts.

Besides agreeing to support Roosevelt for a third term, if he runs, and choosing Senator Donahey as "favorite son," the party leaders named Sawyer as "second choice favorite son," and endorsed Donahey for reelection.

### Settle Factional Disputes

The committees also settled two county factional disputes by recognizing Ray T. Miller, former Cleveland mayor, as Cuyahoga county chairman in place of Burr Gongwer, and choosing W. B. Kilpatrick of Warren as Trumbull county "boss" over Leroy Marceau.

Meanwhile, a trace of discord stirred in the Republican ranks as former Gov. Harry L. Davis scored State Chairman Ed Schorr for asking party leaders to express preferences from a list of potential candidates for U. S. senator and state auditor.

"It is certainly no part of the duty of a party chairman to nominate candidates," Davis said in a letter to Schorr.

"I for one do not propose to question the good judgment of the rank and file of the members of our party, and I can not therefore agree to join in a plan clearly designed to evade both the letter and the spirit of the open primary system."

Mayor Harold H. Burton of Cleveland and Dudley A. White of Norwalk, 13th district congressman, are the only announced Republican candidates for the senate nomination. Joseph T. Tracey, former state auditor, and Harold M. Fross, Clark county auditor, are seeking the state auditor nomination.

## Captain Anthony Eden Welcomes Anzacs to Suez

Captain Anthony Eden, British dominions minister (right) makes speech of welcome aboard one of the troopships that brought a vast army of Australian and New Zealand troops to Suez. The Anzacs were carried 10,000 miles with such secrecy that the great movement was not suspected until the fleet of transports arrived. The Anzac force was sent, presumably, to reinforce the Allied army in the Near East.

## GOP PLANNERS PROPOSE HELP

"Expanded Free Enterprise" Asked by Program Committee

(Continued from Page 1.)

11. Social security legislation should be studied with a view to expansion and better administration.

Dr. Frank said the report bore "the clear majority approval" of the program committee. While signed by 209 members, expressions of "individual judgments" taking exceptions to some parts were turned over to the Republican national committee.

### Hits New Deal Program

"The economic program of the New Deal, despite sporadic reversals of policy," the committee said, "has rested essentially on the control of production, the creation of scarcity, and the boosting of prices."

"At the turn of the century, this was the precise program of the least frightened leadership of big business. Liberalism fought this program then."

"The choice today, the report asserted, lies between a system of free enterprise and a 'politically named' and politically dominated economy."
